The Society. The Fraternity. The Family

Society of Interior Designers, Singapore or SIDS represents Singapore on the regional stage via Asia-Pacific Space Designers Association or APSDA (<http://apsda.org>) as well as on the international stage via the International Federation of Interior Architects / Designers or IFI (<https://ifiworld.org>).

As the apex society for interior designers in Singapore, we are proud to represent the country's best designers to the world. We are honoured to be the standard-bearer of professionalism and integrity since 1994.

We bring together experienced industry practitioners, aspiring designers and relevant service providers to nurture an ecosystem that would be conducive for creativity.

Our Vision

To elevate the Interior Design Industry in Singapore to the highest possible level of professionalism and integrity.

Our Mission

To bring together professionals in the field of Interior Architecture/Design, and to work towards a common goal of raising awareness for good design; in order to create an environment of sharing of ideas and experiences for the benefit of members and the industry.

We also aim to mentor and nurture young talent so that they may be able to lead the industry towards greater heights; and to encourage lifelong learning and continual upgrading of skills and knowledge for all members.

Introducing

**SINGAPORE
INTERIOR DESIGN
AWARDS 2022**

SIDA is the highest accolade a designer can achieve from within our fraternity. The internationally recognised award is also held in high esteem by the International Federation of Interior Architects / Designers (IFI) and Design Singapore Council (DSG).

It is the preferred path for high calibre designers to achieve their international recognition for their craft. Organised by SIDS, this award rallies interior designers and architects from all corners of the globe to submit their finest work to be pitted against their peers.

Entries are scrutinised by a stellar panel of past winners, internationally acclaimed designers and educators from Japan, Korea, Vietnam and Singapore. In short, a jury of peers.
